NATIONAL SECURITY COUNCIL

Sub-committee on Communications

NCS/M&LRO/4

November 9, 1962

2000

TO: Mr. William H. Orrick, Jr.
Chairman, National Security Council
Subcommittee on Communications

SUBJ: Third Report of the Subcommittee on Mid
and Long Range Requirements

1. In compliance with its instructions the Subcommittee submits its report herewith as an enclosure.

2. The Subcommittee has concluded that phasing to accomplish the objectives it proposes in order to arrive at the establishment of a National System must be limited at this time to those detailed in Tab A of its report.

3. The Subcommittee believes that it has reached the limit of its capability as presently constituted and that should further efforts be required in this area, a new group should be organized whose membership should have both accreditation and full agency instruction in order to facilitate the conduct of detailed work. Accordingly, the Subcommittee recommends it be considered dissolved with the submission of this report.

NSC review(s) completed.

Wm. D. Irvin
Subcommittee Chairman

Enclosure:
